Profile

Analytical thinker with strong technical background
"asking the right questions at the right time"
#curious #creative #dedicated #self-motivated

About

My **hands-on** experience in a wide variety of fields and from multiple perspectives has given me a comprehensive and **deep understanding** of **existing** and **emerging business cases** and their **technical implementation**. My ability to **quickly grasp new concepts** and my insatiable **curiosity** drive my continuous learning and growth. As a leader, I embody a do-as-I-do approach with a pragmatic and **results-oriented** mindset. I empower, **enable** and engage teams and promote **autonomy** and rapid decision-making.

Languages

German native   **English** proficient
